

## Press Release

### Quantum Solar America Welcomes... DISTRIBUTORS | INTEGRATORS | INSTALLERS | DEALERS

**09/16/2009** - Quantum Solar America, manufacturers of PV Modules, a Solar Tracking Device, and Solar Kits welcomes distributors, integrators, installers, and dealers. We manufacture high quality sturdy modules that are UL Certified, FSEC listed, and in addition are currently being tested to meet high velocity wind loads as required by coastal hurricane prone regions. Our products are simply designed to set the standard for the term "High Quality!"

Quantum Solar America's 275W PV module is designed with our customers in mind. Simply, higher output translates to less material, less space, and ultimately higher savings in dollars.

Quantum Solar America's dual-axis tracking system has simplicity at its core. Easy to maintain and install, it provides an added efficiency of approximately 30% and can easily be roof mounted or on the ground.

Lastly, Quantum Solar America's Solar Kits are an all inclusive kit which typically includes; our PV Modules, Controller, Batteries, Inverter, Mounting Supports, and Connection Hardware; Right out of the box!

**Quantum Solar America** will be located at **Booth #1265** at the **Solar Power International** trade show, exhibiting high quality polycrystalline solar modules, a tracking system, and solar kits that can address various applications such as; residential, commercial, and utility scale projects. Please visit our website at **[www.cuantumsolaramerica.com](http://www.cuantumsolaramerica.com)** and for information on becoming a distributor please contact us at 786-345-0995.

To remove your name from our mailing list, or for any inquiries please E-mail us at [sales@quantumsolar.com](mailto:sales@quantumsolar.com)
